

VSL#3® FACT SHEET AND TIMELINE

There is no court order prohibiting the sale, production, or distribution of VSL#3® and there is no recall of the product. VSL#3® may continue to be sold in the US as a Medical Food.

- The manufacturing of VSL#3® was moved from the US to Italy in 2016, due to a dispute with a competitor.
- The distribution of VSL#3® was disrupted starting in December of 2018, as a result of a competitor's campaign to mislead the public, distributors and healthcare providers about the availability, safety and status of VSL#3.
- VSL#3's external packaging was updated in July of 2019 and is now in compliance with all rulings and guidelines.
- VSL Pharmaceuticals, Inc. and Alfasigma USA (the owners and exclusive US distributor of VSL#3®) have asserted claims in US courts against this competitor for unfair competition and other unlawful business practices.

VSL#3® continues to be sold under the same brand and is distributed by international partners in more than 30 countries worldwide including the US. VSL#3® is currently available online and at retail pharmacies.
