### Allergen information:

- All formulations of VSL#3® DO NOT contain wheat, gluten (other cereals), soy, milk, crustacean shellfish, eggs, peanuts, nuts, fish, celery, mustard, sesame seeds, sulfur dioxide and sulfites (>10 mg/kg), lupin, or mollusks
- The production plant handles raw material or products containing the following: dairy, soybeans, crustacean shellfish, mollusks, eggs, fish, celery, and sulphur dioxide. There is a theoretical risk of cross-contamination. The risk is reduced to a **minimum because procedures of risk analysis and risk handling are in place**

VSL#3® is a probiotic medical food intended for the dietary management of ulcerative colitis (UC), irritable bowel syndrome (IBS), or an ileal pouch. **Use under medical supervision.**
